I would like to contribute to your organization as a full-stack web developer, leveraging my ability to develop E-commerce web applications using readily available web frameworks. With my passion for learning, I will be able to take part in empowering your team with my newly found coding expertise. I am team player and a fast learner. I also good listener and an outside-of-the-box thinker.

ABOUT ME

Quality time with those I love has always been a priority - this is how I picked up horseback riding with my mom, painting with my dad and photography with my son. As a personal hobby, I picked up Orangetheory fitness workouts in 2016, after commiting help my friend lose over 20 pounds. After my friend reach her goal, these workouts became my passion - both because they push my limits and make me feel inspired.
